

Completion of a timestamp certificate numbered 5887

By Datasure, Qualified Trust Service Provider (QTSP) of the European Union.

Datasure's Certificate No. 5887 provides proof of anteriority and existence of the file listed on page 2, on the below-indicated date. Qualified electronic time-stamp has legal force in accordance with the « eIDAS » Regulation No 910/2014 adopted on 23 July 2014, and carries a presumption of technical reliability, according to the law. Datasure's service provides this qualified electronic time-stamp through a qualified authority in accordance with the above-mentioned Regulation, in order to certify the origin, integrity, and anteriority of the present certificate at the time its content is sealed. The integrity of the certificate can be verified by any individual (see the last page).

- Generated on 22/01/2023 at 4 H 53 (AM) -

In case of a dispute and at all events, any Judicial Officer or technician appointed by the court, provided with the present document, can establish, as the case might be, a certified report or technical expertise concerning the certificate and files' time-stamp for which it demonstrates the anteriority by the calculation of their unique digital fingerprint.

Extract from article L335-2 of the French Intellectual Property Code : "*Any edition of writings, musical compositions, drawings, paintings or any other production, printed or engraved in whole or in part, in disregard of the laws and regulations related to the authors' property, is counterfeiting and any counterfeit is an offence. [...]*"

The certificate of anteriority was sealed using Datasure's electronic seal and by **qualified electronic time-stamp**, giving it a definite date in accordance with the « eIDAS » EU Regulation No 910/2014 adopted on 23 July 2014 ([more information on qualified electronic time-stamp](#)).

Furthermore, the present certificate was deposited in an electronic legal archiving system on the same date (Arkhineo).

*IPSO - This Certificate received the unique following number : IPSO20230122031939WIK.
The integrity and authenticity can be verified at any time on [Copyright.info](https://copyright.info) or by scanning the QR Code (active under 1h after the filing).*

Datasure is the the only Qualified Trusted Service Provider (QTSP) recognized by the European Union that is exclusively specialized in intellectual property. The filings made on Datasure's platform (Copyright.eu) enable the applicant to obtain proof of anteriority and integrity of the deposited intellectual creations. This certificate was automatically sealed by an electronic seal and simultaneously time-stamped by a qualified electronic time-stamp token issued by Datasure as a qualified trust service provider ([see European trusted list](#)).

The integrity of the deposited files is verified with a digital fingerprint, calculated according to the SHA-256 hash algorithm, the international standard for computing integrity verification. Each Datasure's Certificate is then anchored in blockchain to allow public integrity verification at any time.

DATASURE
